2022 ANNUAL REPORT

A VOICE FOR BIRDS IN A CHANGING WORLD

INTERNATIONAL
BIRD RESCUE

2022 IMPACT
BY THE NUMBERS

As an essential first responder, Bird Rescue cared for birds affected by oil spills in California, Oregon, and Peru, as well as other wildlife emergencies. These included a large-scale pelican crisis, raising displaced cormorant chicks, and navigating the growing threat of Highly Pathogenic Avian Influenza, also known as bird flu. Take a look at some of the highlights below:

VOLUNTEERS MAKE RESCUE OF 300 PELICANS POSSIBLE

In May of 2022, Bird Rescue experienced a sudden influx of hundreds of emaciated and injured Brown Pelicans. More than 330 of these birds were admitted over the course of the next two months with as many as 43 arriving in a single day. Each of these patients required intensive care and nutritional support.

This type of wildlife emergency not only requires countless hours of rehabilitation work, but also an overwhelming amount of food preparation, cleaning, and enclosure maintenance. Our heroic team of volunteers dove in to help with every aspect of this response and made the successful rehabilitation and release of hundreds of birds possible. We are grateful for their tireless efforts and dedication to our work rescuing waterbirds in crisis. Many of these pelicans have been seen and reported after release which is a testament to the success of the rescue efforts.

Our mission: To inspire people to act toward balance with the natural world by rescuing waterbirds in crisis.

Our vision: We dream of a world in which every person, every day, takes action to protect the natural home of wildlife and ourselves.

Have you considered creating a legacy gift that sustains the lives of wild waterbirds? Planning a legacy gift for International Bird Rescue ensures that wild birds will thrive perpetually because of your gracious forethought and generosity. When you let us know, you become a member of Bird Rescue's esteemed Legacy Society so we can honor you here and now, as well as later.

Please contact us to discuss how planned gifts and legacy contributions enable us to save thousands of wild birds in need of crucial care, year after year.
